Networks

Groups VS Networks

- Allow you to STOP being the one who's talking
- Mastering Knowledge is damn near impossible
- Allow you to add structure to make information make sense
- Searchable scaleable
- Amplify the voices of marginalized groups like women, and gays.

Cost of a Networks

You need a public identity
(probably already have one)

Cozy with Corporations

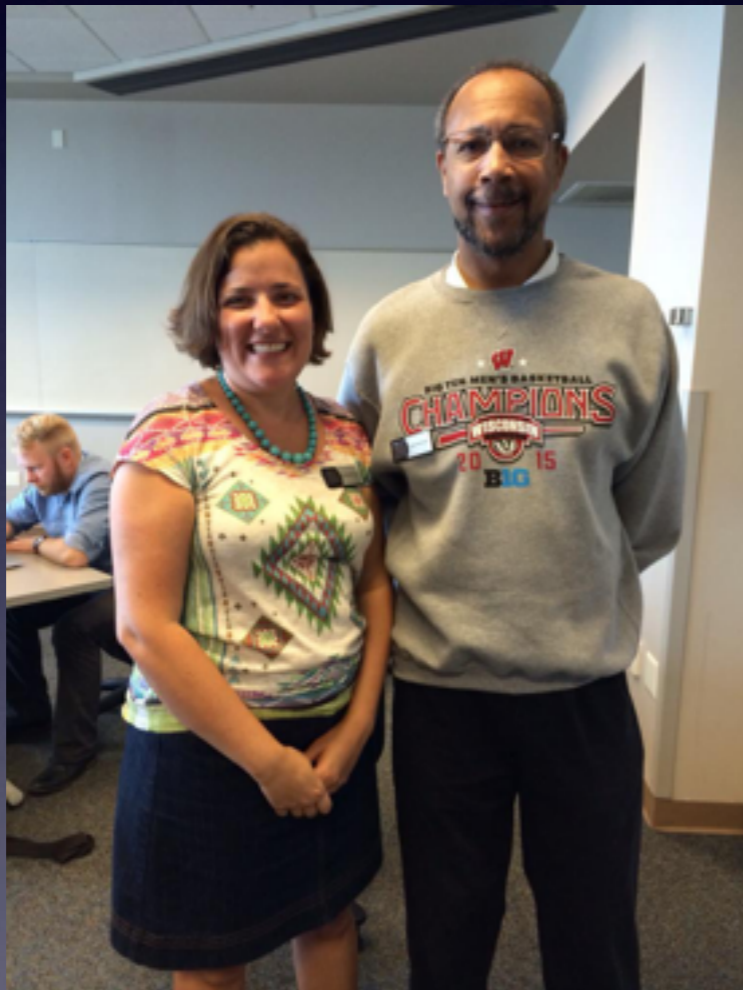

Problems of a Network

Context Collapse

Social Media is Still SOCIAL
you don't need to say the
coolest thing all the time

Problems of a Network

“Twitter is THE scariest tool
I have ever used” - Sarah

Hosting a website

Cool Resources and Tools

Terms of Services I didn't read -
<https://tosdr.org/>

Google Class C

-  Google keeps your searches and other identifiable user information for an undefined period of time
-  Google can use your content for all their existing and future services
-  This service tracks you on other websites
-  Google can share your personal information with other parties
-  Google may stop providing services to you at any time

 [More details](#)

twitter No Class Yet

-  Twitter deletes tracking data in 10 days and offers an opt-out
-  Very broad copyright license on your content
-  You can retrieve an archive of your data
-  Critical changes to the terms with little users' involvement
-  Twitter deletes your account after 30 days. It keeps the rights on your content.
